

ROADSIGHT 50

1440p dash camera with wifi and OSRAMconnect

GPS

Tracks vehicle location and speed

140° field of view

Captures a wide view of the road

Wifi enabled

Easy data storage

OSRAMconnect

Connecting you with your car via app

Compact dashcam for high-resolution recordings

An installed OSRAM ROADsight 50 dashcam can offer peace of mind while driving in your car. With a full 1440p 30fps resolution and 140-degree lens, get high quality recordings with a wide view of the road and pick up features easily such as number plates and road signs. With WiFi and OSRAMconnect compatibility, easily access footage and images you might need in the future. Track your vehicle's location and speed with the GPS feature. Compact and sleek design can keep drivers from being distracted by the camera keeping your eyes on the road. If your car has a collision whilst it is parked, parking mode switches the dashcam on to record anything that's going on around your car within the 140° field of view. Automatically save footage from your dashcam when a collision occurs to save evidence for later use. Save up to 128 GB of footage with an SD card. A magnetic mount and trim removal tool allow for easy installation. SD card not included.
